SPADA

SPADA 31 is maintaining all of its missions in the current containment context. You will be summoned via the visit schedule posted online (internet).

PREFECTURE

The renewal of your asylum application certificate (Récépissé) will be done by mail, with the exception of people in the Dublin procedure.

OFPRA

The asylum application interviews scheduled for November are maintain. Asylum seekers summoned (convocation) to Ofpra are therefore invited to go there, provided with their convocation and their travel authorization (reason: "judicial or administrative summons and to go to a public service"). However, in the event of this impossibility related to the health situation or confinement (transport difficulties, medical contraindication, etc.), asylum seekers can inform Ofpra via the functional address mentioned on their convocation to maintenance. Their maintenance will then be postponed to a more favorable period.

CNDA

The invitations to the course are maintained. You must bring your summons and travel authorization (reason: "judicial or administrative summons and to go to a public service"). However, in the event of an impossibility related to the health situation or confinement (transport difficulties, medical contraindication, etc.), you must inform your lawyer as soon as possible.

Assurance Maladie

The first requests for health insurance continue to be made at the SPADA Forum Réfugiés. Renewals are made directly at the offices of the health insurance company, which maintains its activity.
